Cabinet Collection

Handmade in Norwood, MA

*Design is not just what it looks and feels like.
Design is how it works for you.*

Metropolitan Cabinet & Countertops has been distributing to remodeling professionals for 25 years. Our goal of providing the best product at a competitive price has never changed. This vision has resulted in the development and introduction of our own frameless cabinet lines, the Royal and ShowHouse Collections. Combining design and manufacturing simplifies your total project. From stock cabinetry to custom furniture, we are here to provide quality, design and service direct to you.

The ShowHouse Collection offers custom door styles with a wide array of wood species, finishes and accessories. Your options are limitless. These cabinets are designed and built to your specifications to create your own personalized kitchen.

The Royal Collection offers wide appeal to developers, contractors and homeowners alike. Handmade quality, yet built to stock specifications, this line features a short lead time and the most competitive price.
